Listing or IEO

We look forward to working with you on listing or launching an IEO.

We are a charity company, we have a limited budget for advertising in the articles of association, but we have special conditions that we can pay the costs.

Campaign

We can collect exchange and listing costs,

Launch a campaign and raise money with the same title.

To make the campaign more transparent and honest, people's money is transferred directly to your account without our intervention. Therefore, the money will be deposited directly into your account.

The campaign requires your support on Twitter and social media.

Partnership and Invest

You can invest in a dedicated APS token as an exchange and earn your profit after listing or IEO

Guarantee

We guarantee in any case after starting cooperation

Deposit all profits and receipts from the sale in an exchange office and have no withdrawals,

Until we take the next step in the roadmap,

which increases the value of the token and proves that APS is a real and valuable token.

We are also ready to have some tokens burned

with your consultation so that we have fewer tokens.

We can take ownership of the token out of our monopoly.
